Question(s)	Answer(s)
<p>Regarding the inventory list attached in the SOW, are the quantities mentioned required to be maintained during the total period of the contract? as if we used 1 set of an item we have to supply one more to be stored in the inventory.</p>	<p>Inventory levels must be maintained and replenished when used.</p>
<p>There are materials not mentioned in this list like hoses, belts..etc. are these materials required to be stored as spare parts as well?</p>	<p>These items are considered common and not unique enough to require maintaining a supply on site. It is expected that the service provider will be able to easily supply these items when needed.</p>
<p>For pricing, Table 2.1 on page 7 mentions that the services for each Unit will be done once per six months. And in Pg. 4 it's mentioned that the unit price for each option year will be per month. Please advise what the required intervals for maintenance activities are throughout each year. Is it semi-annual or monthly?</p>	<p>Service and pricing should be based on a semiannual basis (once every six months).</p>
